Toll Management	<p>South African E-toll or National, we assist you by ensuring that your account charges are accurate. We analyse each toll transaction against telematics data, thus eliminating incorrect billing and ensuring that your toll accounts are accurate. Our verification includes:</p> <ul style="list-style-type: none"> <li>• <i>Transaction Verification:</i> The toll info date/time stamp is verified against telematics date/time stamp with GPS longitude and latitudes correspondence. Disputes and discrepancies are raised and resolved on your behalf.</li> <li>• <i>Cost Verification:</i> We compare the allocated toll cost against the vehicle class to eliminate issues where vehicles are overbilled. Disputes and discrepancies are raised and resolved on your behalf.</li> </ul> <p>We also assist clients in minimizing the administrative task associated with the system by providing assistance with the following:</p> <ul style="list-style-type: none"> <li>• New tag registrations and free dispatch</li> <li>• A single monthly simplified invoice which eliminates the "grey area" in the finance department</li> <li>• Tag re-registration from a disposed vehicle to a new vehicle at no additional cost</li> </ul> <p><i>(R76.99 excl. VAT for the once-off registration of a new tag, including shipping.)</i></p>	Monthly/vehicle	R 39,99	
License Management	We renew vehicle licenses on your behalf and ensure that your licensing is up to date. In cases where roadworthy is required, we will send you a reminder to ensure that there are no delays with regards to fleet licensing.	Monthly/vehicle	R 20,00	
Fines Management	Our Fines Management solution is done in compliance with AARTO legislation. We do weekly checks with all the listed municipalities on both BRN and Proxy ID information to ensure that all fines received are handled accurately and immediately. Handling the fines include both redirection of the fines received to the correct drivers and possible reductions in fine amounts.	Monthly/vehicle	R 20,00	
Driver Behaviour Management Solutions	We monitor how your employees are driving their company vehicles and distribute a daily Driver Behaviour Management Report to inform you who is acting questionably or driving the vehicle irresponsibly, by stopping at predefined illegal locations, speeding, harsh braking and accelerating, for example. The report will also assist you to manage disciplinary hearings. This service is offered on a weekday basis only.	Monthly/vehicle	R 149,00	
BI Reporting - Tracking Database Module	<p>Managing tracking devices and related reporting through the fleet management software solutions can take up a lot of your time. We provide you with a solution where we take your tracking information and produce an easy to use dashboard, highlighting areas of concern, saving endless hours of studying and monitoring movement reports to identify issues. This information is produced based on your requirements either daily, weekly or monthly. Reporting include information such as:</p> <ul style="list-style-type: none"> <li>• Driving behaviour</li> <li>• Exception management</li> <li>• Idling cost</li> <li>• Location management reports</li> <li>• Stoppage information</li> <li>• Cost management</li> <li>• Etc.</li> </ul>	Monthly/vehicle	R 25,00	
BI Reporting - Maintenance Database Module	<p>Maintenance of your fleet is an essential part of Fleet Management. Knowing when vehicles are due for a service and identifying hidden costs, is key to Fleet Management. Standard practice is to either do it in spread sheets (Excel) or alternative software applications. To update spread sheets and to run reports from systems in order to generate management reports are time consuming and often not vary accurate. Our offering includes the following:</p> <ul style="list-style-type: none"> <li>• Service reminders</li> <li>• Maintenance costs</li> <li>• Etc.</li> </ul>	Monthly/vehicle	R 25,00
